## Stamps on Calendar

I have started to stamp green, yellow or red on your child's calendar each night. This is so you know whether they stayed on green, yellow or red and that it can be discussed at home. I will try my best to stamp each night, but I encourage you to talk to your child every night and ask what color they stayed on that day. Please continue to sign your initials each night so your child can get "luck bucks".

*Thank You!*

## Apple Seeds Needed

Please send some apple seeds with your child to school before next Friday. We are going to use them for an art project.

*Thank You!*
